Welcome to our world of scents and aromas, where we craft perfumes that are as unique as the individuals who wear them. Our talented team who share a passion for fragrance, have embarked on a journey to create a perfume company that reflects our vision and values.

Our perfumes are carefully crafted using high-quality ingredients sourced from the perfume capital of India Kannauj and Middle East. Our scents are inspired by nature, culture, and the beauty of the world around us.

we are

In August 2022, we moved to Rampur, where we were gifted luxurious perfumes as a farewell gesture. For us, who had only ever used deodorants, this was a revolutionary experience. However, we quickly realized that true luxury should have finest ingredients and long-lasting, not just a fleeting, costly indulgence. This realization fueled our mission: to craft reasonable yet luxurious perfumes that endure.

Shortly after, our journey began in the vibrant streets of Rampur. My brother and I, stumbled upon a mesmerizing attar in a quaint local shop, a scent so enchanting it ignited our dream of creating a perfume brand. This serendipitous discovery marked the genesis of Zion Fragrance.

Our journey was one of perseverance and learning, as neither of us had a business background. We delved into extensive research of finding the perfect bottles, designing elegant labels, creating an Instagram presence, and mastering the art of perfumery. Our quest for quality took us from Bareilly to Mumbai and Delhi, traveling hours to secure the finest materials. Each step was a labor of love, a testament to our dedication and passion.

Zion Fragrance draws its name from the Holy Scriptures, symbolizing the kingdom of heaven “a sanctuary of purity and serenity.” This name reflects our mission: to offer everyone the luxury of exquisite fragrances without the exorbitant price tag. We believe that everyone deserves to smell divine.

Our fragrances are not just products; they are handcrafted masterpieces, each named after a Greek god, echoing timeless elegance and mythology. Every bottle encapsulates hours of research, dedication, and love.

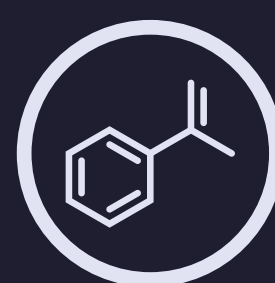

At Zion Fragrance, we pour our hearts into every creation, striving to deliver the perfect blend of sophistication and luxury. We love what we do, and we are honored to share our journey and our fragrances with you.
